

"Let me make my opinion on the KWB initiative perfectly clear. I am in support of this initiative and what it means to the future of Worthington. I would also like to make something else perfectly clear. If I am elected to city council, I will do everything in my power to make sure that we have responsible development proposals. Proposals that will never again include high density apartment dwellings complete with a transient population and projects which cause unnecessary traffic congestion. To solve any problem you must go to the root of the problem. Thank you."

Sean Demaree,
Candidate for Worthington City Council
August, 2015
